

SmartCAN Applications list August 2018 - V36

IMPORTANT - VEHICLES MAY REQUIRE CODING TO ACTIVATE VEHICLE FUNCTIONS.

Guide to colour codes

- Fully tested
- This application requires GM module (Blue box)
- Vehicle is compatible with the software version stated for lights and charging only.
- The software revision features all lighting outputs. Active functions (module transmitted data) have not been tested.
- Not compatible, vehicle has known issues, pending further development or is a new vehicle platform under development.
